

## ALL CLEAR - Non-Acid Drain Opener

### Description

This product is a highly concentrated alkali drain opener that digests organic matter such as grease and hair quickly without the use of dangerous and corrosive acids. This product is heavier than traditional alkali drain openers enabling it to penetrate blockage faster. This product absorbs one third more grease and fats than traditional drain openers and is safe for all plumbing. Follow directions for effective drain relief.

### Features

- Quick Acting
- No Harsh Acids
- Safe For Plumbing
- Safe On Porcelain
- Highly Concentrated
- Extremely Effective On Hair, Grease & Other Organic Matter

### Use And Directions

Use in all facilities to keep drains, urinals and toilets clean and free flowing.

Pour 4 to 6 oz. or more down drain lines at regular intervals to keep lines clear of hair, grease and other organic matter. If lines are clogged, add directly to line to eliminate blockage.
