Description

HEAVYWEIGHT offers the industrial user a non-butyl, environmentally preferred cleaning alternative without a compromise in product performance. HEAVYWEIGHT was created to fulfill the requirements of modern health standards, environmental consciousness and the need for a safe, effective product to clean the toughest industrial contaminants.

Benefits

- Biodegradable
- Non-toxic, non-butyl
- Non-corrosive
- Non-flammable
- Rust inhibited
- Safe on aluminum and other soft metals

Applications

HEAVYWEIGHT cleans metal, plastic and rubber parts in dip, wipe or spray applications. HEAVYWEIGHT eliminates the need to compromise between mild, ineffective cleaners and harsh, dangerous solvents. HEAVYWEIGHT is highly dilutable, can be used indoors or out to remove heavy deposits of grease and soil from virtually any surface, without concern over dangerous concentrations of vapors or complex waste disposal.

HEAVYWEIGHT is particularly effective in automated cleaning systems in place of caustic cleaners. When used in place of caustic powders or liquids, HEAVYWEIGHT has a significant added benefit: it is safe on aluminum and other soft metals at recommended use dilutions.

Key Physical Characteristics

<u>Property</u>	<u>Typical Value</u>
Boiling Point	221° F
Color	Clear, purple liquid
Flash Point	None
Odor	None
Solubility in Water	Complete
Specific Gravity (H ₂ O=1)	1.045
Vapor Pressure	>1.0
VOC Content	69 gm/liter
pH	~12

Safety and Handling Precautions

Maintain adequate ventilation. Rubber or plastic gloves are recommended. Safety glasses are recommended. Wash hands after use. Keep out of reach of children. Store in a cool dry area. Keep from freezing. See MSDS and Label before use.

Packaging

<u>Product Name</u>	<u>Part No.</u>	<u>Packaging</u>
HEAVYWEIGHT	0282-55	55 Gal Drum
HEAVYWEIGHT	0282-5	5 Gal Pail
HEAVYWEIGHT	0282-1	4 x 1 Gal Case
