

Material Safety Data Sheet

THE LEAF PROJECT Glass and Surface Cleaner

Rev. 07/17/2001

Section I: Product Identification

Product name: Glass and Surface Cleaner
 Synonym: Glass and Hard Surface Cleaner
 Molecular Formula: BLENDED PRODUCT

The "Plain English" Section

Material Safety Data Sheets can be confusing. Federal law requires us to print a great deal of technical information, which probably won't help the non-scientist. ECOLINK and The Leaf Project includes this "PLAIN ENGLISH" section, written to address the questions and concerns of the average person. If you have additional health, safety or product questions, don't hesitate to call us at 800/886-8240. For additional info, visit www.leafproject.com.

Health Hazards: This cleaner is formulated to institutional use. We call it "environmentally preferred" because it is intended to replace products that are more hazardous, (harsh caustic cleaners, cleaners containing solvents or other toxic material). Used on a rag or from a spray bottle, the product won't produce fumes, but we do suggest that you use all chemicals with adequate ventilation. For more exposure and first aid information, refer to MSDS Sections II, VI.

Flashpoint: This product has a flashpoint greater than 200° F. Flashpoint is the temperature the liquid must reach before it emits fumes that might ignite. 200° F is pretty hot, so combustion is not a concern with this product.

Disposal: Because this product has no flashpoint or other characteristic hazardous waste product. Once it is contaminated with whatever you are cleaning, the resulting mixture may fall under an additional hazardous classification, depending on whether or not the material you are cleaning is hazardous. If you are not sure how to dispose of used Leaf Products, give us a call and we will help you make the right decision.

Section II: Chemical or Hazardous Components

This product contains a proprietary blend of vegetable derived esters and fatty acids that exhibit extremely low toxicity.

Chemical Name: Propylene Glycol Methyl Ether
 CAS No.: 107-98-2
 Approx. Wt%: 5-6

2227 Idlewood Road
 Tucker, GA 30084

EMERGENCY NUMBERS
 800/877-3339 (8-5 EST)
 800/535-5053 (24 HOURS)

Exposure: 100 PPM TLV/150 PPM STEL

For more information on the environmental, health and sustainability characteristics of this product, please visit our website which carries an extensive rating of all Leaf Products, (www.leafproject.com).

ALL MATERIALS IN PRODUCT ARE TSCA LISTED

RCRA REGULATED: No
 CERCLA (superfund): N/A
 DOT Regulated: Not hazardous
 DOT Haz. Class: N/A
 DOT Shipping Name: N/A
 DOT Number: Not listed

(Questions concerning DOT information refer to DOT manual CFR 49, chapter 1, 10/96 edition)

Section III: Physical Data

Appearance & Odor: Clear blue liquid with slight odor.
 Boiling Point: 215° F @760 mm Hg
 Evaporation Rate (H2O = 1): As water
 Solubility In Water: Complete
 Specific Gravity (H2O=1): 0.99
 Vapor Density (AIR=1): As water
 Vapor Pressure (mm Hg): As water

Section IV: Fire and Explosion Hazard Data

Flash Point (Method):
 Bulk Liquid (TCC) None
 Flammable Limits:
 LEL N/A
 UEL N/A
 Extinguishing Media:
 None required
 Special Fire Fighting Procedures:
 No special procedures required.
 Unusual Fire & Explosion Hazards:
 None

Section V: Reactivity Data

Stability: Stable
 Conditions to Avoid:
 Do not mix with bleach.

Incompatibility (Materials to Avoid):
Strong oxidizing agents and/or strong acids.

Hazardous Decomposition:
Carbon Monoxide

Hazardous Polymerization:
Will not occur.

Section VI: Health Hazard Data

Primary Routes of Exposure:
Oral, inhalation, & skin

Ingestion:
Swallowing large amounts may be harmful by causing gastrointestinal irritation.

Inhalation:
Inhaling direct mist from spray may cause nasal and upper respiratory irritation.

Eyes:
Irritant. Liquid contact will irritate eyes and may cause stinging, tearing, and redness.

Skin or Contact:
Prolonged exposure may cause mild irritation.

First Aid:

Ingestion: Give 1 or 2 glasses of water and induce vomiting as directed by medical personnel. Do not induce vomiting if person is unconscious or convulsing.

Ingestion: Remove to fresh air.

Eyes: Irrigate immediately with water for at least 15 minutes. Get medical attention if irritation persists.

Skin: Wash with water. If symptoms persist, seek medical attention

Carcinogen: NTP – Not Listed
IARC Monographs – None
OSHA REGS – Not Regulated

Section VII: Precautions for Safe Handling

HMIS Information:
Health – 1 / Reactivity – 0
Flammability – 2 Personal Protection – A

HMIS Definition:
0 – Minimal, 1 – Slight, 2 – Moderate, 3 – Serious,
4 – Extreme
“/” in the Health Category denotes material does not target any major organs.
“**” in the Health Category denotes material may target certain organs.

Eye Protection
Safety glasses are suggested whenever handling any chemicals.

Protective Gloves:
Rubber gloves recommended only needed for prolonged contact.

Respiratory Protection:
Not required under conditions of normal use with good ventilation. If vapor/mist is present use mist eliminating mask.

Ventilation: No special ventilation required.

Other Protective Clothing: None required under normal use.

Work Practices: No special precautions required, but avoid eye contact. Treat this chemical with respect and follow all MSDS instructions.

Section VIII: Control Measures

Small Spill: Mop up, wet vac, or flush to sewer with water.

Large Spill: Contain spill, and clean up using method described in small spill procedure.

Waste Disposal Method: Dispose of unused material as non-hazardous in compliance with all state, federal and local chemical waste regulations (incineration, sanitary sewer, or an approved chemical waste hauler). Used material must be tested for contaminants, then disposed of in compliance with state, federal and local regs. Please call us if you need additional disposal information.

Precautions To Be Taken In Handling & Storing: Material should be stored in a cool dry area in a closed container. Read and follow all warnings and safe handling procedures on the MSDS and product label.

Other Precautions: Keep this and all chemicals out of the reach of children.

Section IX: Part Number & Packaging

<u>Product Name</u>	<u>Part No.</u>	<u>Packaging</u>
Glass & Surface Cleaner	1099-55	55 Gal Drum
Glass & Surface Cleaner	1099-1	4x1 Gal Case
Glass & Surface Cleaner	1099-12	12 Qt Case
